### Israel Is Not Replaced: Understanding God's Heart & Promises

Has Israel been replaced by the church? Has God turned His back on the Jewish people and nullified His promises? Why is it so important to get this right? With current events rapidly fulfilling Bible prophecy, there exists so much deception and confusion about the nation of Israel and God's Word relating to the Jewish people. We are witnessing the world move into the belief of one world religion (Abrahamic faith lie), which exalts Islam, confuses Christians and draws unbelieving Jews into the snare of a coming false messiah. Pastor Shahram Hadian will share his journey of coming out of Islam, examine God's heart for the Jewish people and seek the truth of God's Word about these end times.
